

Sample District Advisory Committee Session #1
Introduction to School Improvement
2 hours

Superintendent

Welcome / Purpose / Ground Rules

Go 'Round: At your tables, please go around and have each person introduce themselves stating 1) name and tell us a little bit about yourself 2) why you are here tonight

- Outcomes: 1) Understand how the district plans (and is required) to improve each year
2) Understand the role of the district advisory committee member in this improvement process

Curriculum Coordinator / AEA / DE Person

- 1) Explain the basic requirements of the Accountability Law in Iowa

(Processing time)

- 2) Describe the information about student learning that the district currently collects and how it will be used (district assessment matrix would make a good visual)

(Processing time)

- 3) Describe how a standards-based system will enhance student learning and what steps the district has taken/will take to do this

(Processing time)

Superintendent

Closure/Thanks

Final Go 'Round:

At your tables, please go around and share one thing you learned tonight that you didn't know before.
